Index of Authors Included in the Fifty-third Bibliography

The Roman figures followed by (1) or (2) refer to the centurial classification (part I); thus Bingham, W., VII(1) means that a paper by Bingham is listed under seventh century, first half.

The Arabic figures refer to the historical and to the systematic classification (Parts II and III) which are subdivided in sections numbered consecutively from 1 to 60. For instance, Bortolotti, E., 3 indicates that a paper by Bortolotti is listed in section 3 (Babylonia and Assyria); Abbott, M., 32 indicates that a paper by Abbott is listed in section 32 (Geology).
